 - 2.2 Tug-Of-War Competition
 - 2.3. Soccer Competition
 - 2.4 Singing by Residents & Staff

SUNGEI TENGAH LODGE

1. Solar Panels on STL roof

TG25 is doing a feasibility on the solar panel installation. Sungei Tengah Lodge (STL) will be still connected to the main grid the entire time and electricity supply will not be interrupted in the event that the solar Photovoltaic (PV) system is not generating.

During sunny hours, the solar PV system will be generating to supply the electrical load. The remaining electricity will be imported from the grid.

During night time or rainy/cloudy weather, the solar PV system will not be generating and Electricity will be imported from the grid. The preliminary estimate is 4,435,619 kWh will be generated.

Feasibility study on solar panel on STL

2.1 1st May 2022 Pre-Event Activities: Arm Wrestling Competition

This is a new sport introduced into STL and we have to reach out to our network to get a standard arm wrestling table. Next we engage the Singapore Arm Wrestling Federation to provide qualified judge for competition and an additional arm wrestling table for the event.

The residents were curious at the start and eventually more and more register for the competition. There were approximately 145 contestants and they were divided into 3 weight class. During the competition heats, quarter-final and semi-final, there were a lot of jeering, catcalls and applauses. It is a good sport. All brawn and muscle.

Arm Wrestling qualifying rounds

2.2 1st May 2022 Pre-Event Activities: Tug-Of-War Competition

At the start, it was difficult getting participants and finally got 12 teams through much conjuring. Each competing team needs to win best 2 of 3 tries. There were a lot of raw power shown, firm hand holds, stretched legs and pure grit to beat the other team.

The Tug-Of-War was held in the sheltered vehicle parking area where barricades erected to protect the crowd and teams. This all-weather protection helps to conduct the competition amidst the threatening weather conditions. The supporters of the team were shouting and jeering throughout the competition.

The Champion team is residents from Cluster 5 and the runner-up is residents from Cluster 1.

Tug-of-war semi-final competition held on 24th April 2022

2.3 1st May 2022 Pre-Event Activities: Soccer Competition

STL Soccer Teams

STL Soccer Tournament

There were 12 teams for the Soccer Competition. It was played on turfed roof of the sheltered vehicle parking area.

Soccer games are regularly played in the open field of STL and residents are quite proficient. The Soccer games were exciting and entertaining. The actual competition was played 7 aside and given the small designated played area means more crowding amongst players and goal scoring was rare. Draw and extra time was the norm. A number of games were won by penalty shoot-out.

The Champion team is residents from Cluster 5 and the runner-up is residents from Cluster 1.

2.4 1st May 2022 Pre-Event Activities: Singing Performance by Residents & Staff

During the planning of the Stage Performance, the senior management requests to have singers singing in the native of the languages of STL residents.

The local event organisers normally do not have such authentic native language singers, and the planning team decided to reach out to the residents for such talent.

The Cluster Managers and Operation Executives put in extra effort to try to ask for volunteers and do some talent spotting.

Eventually we had the following number of singers

- 2 Indian singers
- 4 Bangladesh singers
- 2 Vietnamese singers
- 1 Mandarin singer (our own staff)
- 1 Malay singer (our own beautiful lady staff)

Residents volunteered to sing for Labour Day event
