SUNGEI TENGAH LODGE

1. Mid Year Event -JULY 2019

Singing and dancing competition was last held in the month of May 2019. It is a very popular and regularly held event in STlodge.

On July 7 2019, it was held again to search talents among residents and creates a platform for passionate singers and dancers to perform.

STlodge residents formed a high-spirited crowd in front of the competition venue and cheered on their roommates, friends and working colleagues as spectators.

STlodge Chief operating officer (COO) sat in to catch sight of the cheerful crowd and spirited performance. Attractive prizes were presented to both singing and dancing categories by COO.

2. National Day Celebration-(Sports day)

On this public holiday, 9 August 2019, sports activities were organised for our STlodge residents. We had cricket and soccer matches which are the popular sports as requested by STlodge residents. Residents from different jobs and companies who loves sports jumped at this opportunity to participate together as a team. Comparing to previous sports day, we had more teams participating.

At least 500 residents who has interest in sports joined us on that day to support the intense match. Participating teams were competitive and set their mind to bring back the trophies and medals. Competitive atmosphere allowed not just the participants but also the supporters, to have the feel of spirited match.

As a dormitory operator, we were very heartened to see residents from different countries and backgrounds come together to support one another. These particular sports activities aim to promote healthy living of STlodge residents and forge bonds through competitive sports.

We hope and would encourage even more resident to join us for the next sports day.

Almost 1 month before the joyous day, STlodge Operations staff decorated the individual Clusters with beautiful festive decorations.

On 28 October 2019, a Public Holiday, STlodge management invited our clients and guests to celebrate this joyous Deepavali with our residents.

A 4 Hours non-stop concert was organised for our residents. Performing artists from India, Bangladesh, Malaysia and even our very own Media Corp were brought in to perform for the residents. Thousands of the residents of STlodge joined us to celebrate the joyous occasion and tapping their feet together with the performing artists. It was a good treat for the residence.
