# SUNGEI TENGAH LODGE

## 1. Christmas celebration 2019

STlodge welcomed the Christmas season with Christmas decorations. In addition, an enchanting Christmas tree was also set up and placed at the entrance of the dormitory filled with bright lights and colourful ornaments.

On 15 December 2019, a Christmas Funfair and carolling was organised and held in STlodge.

With a carolling team performing for our residents and they were seen humming along with the performers, signalling the arrival of Christmas.

## 2. Health Screening

*Mobile health screen team from Salvation*

*Free health screening conducted for STlodge residents*

*Resident queuing up for the health screen*

STlodge coordinates regularly with the mobile health screening team to provide free health screening to our residents.

On 11 January 2020, a team of volunteers from Parkway medical team provided free health screening and medical advice to our residents.

This programme is a collaboration between STlodge management and Salvation army.

We aim to promote wellness to all your foreign workers staying with us.

### 3. Chinese New Year Celebration- (Sports Day)

Chinese New Year also known as the Lunar New year is undoubtedly the most important event in the Chinese calendar. Festive scarlet adorned the dormitory with a DIY cherry blossom tree hung with Chinese New Year ornaments was set up at the entrance of dormitory. Individual Clusters was also decorated and festive lanterns hung along the walkway.

*Lion Dance at STlodge*

*Award medals and*

Even though a number of Chinese residents had returned home to reunion with their families, the remaining residents who were with us were not left one. On 25 January 2020, STlodge management organised a mini sports day. Cricket competition was held. Participating teams enjoyed themselves in the friendly match and residents surrounded the field to cheer for players.

*Cricket match finalist*

*Cricket match runner up*

During this new year, we also invited residents to our management for the lion dance performance which brought them joyful cheers.

### 4. Managing Coronavirus disease (Covid-19)

On 30 January 2020, the WHO declared the novel coronavirus (2019-nCoV) outbreak, a public health emergency of international concern.

STlodge has since then worked closely with MOM and MOH and implemented a series of measures to reduce the risk of imported cases and community transmission of the COVID-19 (Coronavirus Disease 2019). We have strengthened these measures progressively as the situation escalated, both globally and in Singapore.

All the returning residents with recent travel history to Mainland China were placed on 14 days leave of absence (LOA), whereby they were isolated and placed in a designated separation room (with WIFI, bathroom facilities) away from other room-mates to avoid social contact. They were advised to monitor their health closely, and to immediately inform our Operations team taking care of them if they felt unwell or if they develop any fever or symptoms of acute respiratory illness such as cough or shortness of breath. Masks were regularly issued. Temperature taking was carried out twice per day and the rooms were regularly cleaned with disinfectant. TG25 also assisted to provide the affected workers with 3 meals per day to avoid coming into close and sustained proximity with others.

*Temperature screening*

*Sufficient hand soap placed in all toilets*

STlodge also implemented several additional measures with immediate effect as follows:

- 1) Carry out temperature screening for all other residents, staffs and visitors
- 2) Ensure that the rooms were ventilated and the toilets were adequately equipped with facilities for hand washing
- 3) Placing bottle of hand sanitizer in lift areas
- 4) Increase the frequency of cleaning in commonly used areas

All other residents were also informed to monitor their health closely for 2 weeks. They were advised to wear a mask and seek medical attention promptly if they feel unwell or present with fever or respiratory symptoms (e.g. cough, runny nose).

Health advisory posters were put up along the walkways of the premises and seminars were conducted for the residents to create awareness to adopt and observe good personal hygiene practices at all times.

*Workers after 14days LOA together with STlodge operation staff*

*PRC workers after 14 days LOA together with management managers*

## 5. Resident Testimonials

*A.Sundarapandi  
(Residents)*

“The operation staff working in the dormitory is taking good care of us during this coronavirus outbreak period. Dormitory provide us with sanitisers and hand soap to use so that there is no germs or virus. We are happy to stay in a safe home”

*Residents*
