2. Offence trend of residents

Sungei Tengah Lodge (STL) is experiencing full occupancy and the residents would need to abide with the same standard of living, rules and regulations for dormitory living. Residents must respect one another and understand what can be done and what cannot be done. This means unruly behaviour or misconduct will not be acceptable because it will affect the enjoyment and peaceful living condition of others.

In Sep 2022 Newsletter we have highlighted the need for orderly and peaceful living and house rules applicable to tenant/residents in this newsletter. From recent experience, we are putting in special attention to correct the following offence trend amongst residents where serious disciplinary actions will be taken for such offences

1. Vandalism
2. Eating meals inside the room
3. Washing of clothes in the toilet
4. Smoking in non-designated area

3. Celebrating the Countdown for New Year 2023

The year 2022 is coming to an end and we all have different experiences and memories of it. Let us welcome 2023 for a new beginning and hope for better future ahead.

On 31 December 2022, New Year 2023 countdown event is celebrated with stage performances and pasar malam.

There were local celebrities entertaining the crowd. The enthusiasm can be felt with cheers, claps and whistles. The crowd size is about 3,000 persons and the in-house security managed to have a good control of the crowd. When the beautiful sexy dancers do their belly dancing and gyrate to the music, the tumultuous roar of the crowd was ear-splitting. The crowd was ecstatic. Singing in their native languages directly connects and entertained the residents. Everyone had a good time.
