## 1. Dedicated Transport to and from work place

In the Tenancy Agreement, it is a contractual requirement of the Tenants/Employers to provide dedicated transport and ensure their residents/employees uses such transport to and from workplace.

Lately there were an increase number of residents not using dedicated transport in the morning to go to their work place.

CPSD has set aside additional manpower to check the bus stops and record the residents that flout this requirement and their employers/tenants were warned of the consequences of serious actions such as eviction and cancellation of the Tenancy Agreement.
