SUNGEI TENGAH LODGE

1. Happy New Year 2024

Sungei Tengah Lodge (STL) management wish all our staff, residents and their loved ones to have a year filled with positive energy. May all dreams come true in 2024. Wishing all to live this year with love, laughter and happiness.

It's a public holiday and security was stepped up. Residents were seen relaxed and rested. The security feedback to the management that the situation report was normal.

2. STL Dinner & Dance 2024
3. Artificial Astroturf replacement started
4. Set-up trap to remove pigeons and crows
5. Goodies Bags for residents

Residents peacefully celebrates the New Year 2024.

2. STL Dinner and Dance 2024

STL staff works very hard throughout 2023 and STL management would like to thank all staff for their hard work. The STL Dinner and Dance is way to thank staff and encourage staff to enjoy an evening of good food, fun and laughter for all. Our staff help to decorate the venue and work closely with the entertaining company to have games encouraging more audience participation. The raucous and hilarious action of participants got roaring support from all. There was photo booth and many posed with props. Everyone agreed the food was sumptuous and free flow of beers for our beer-drinking friends. The dancing were more subdued and event finishes about 10.30pm.

STL Management and staff dressed up as their favourite movie character

3. Artificial Astroturf replacement started

STL Contractor has partially replaced the existing artificial turf area. The existing Astroturf at the vehicular parking roof terrace has been worn-out by the residents' heavy usage for sport activities like cricket, soccer, jogging and occasionally stage performance events. The materials plus base layers have served its function well and it's timely to replace it. Pending more material delivery, this replacement exercise will take some time to complete it.

Replacing and repairing Astroturf for residents' sports activities

4. Set up trap to remove pigeons and crows

STL has worked with term contractor Top Grid Pest Specialist Pte Ltd to set up trap to remove the pigeons and crows from our dormitory. The population of pigeons and crows have steadily increased and action needs to be taken to control it. This operation takes about 2 weeks. STL has placed Notice to warn residents not to feed the birds. Residents were also warned about littering because these birds were also preying directly upon the disposed food and waste visible in open bin and litters left by residents.

Put up notices and set-up trap to remove pigeons and crows

5. Goodies bags for residents

STL has worked with The Salvation Army (TSA) for distribution of goodie bags to residents. Security officers, cluster staff and TSA staff have helped in the distribution. The crowd control was important to ensure this operation was safely conducted with minimum disruption to the regular human traffic flow at the Socialising Area #2 and this exercise

Residents queued up for FREE goodie bags
